Multiplication Bee

Mobile Community Math Experience — Dallas–Fort Worth

What It Is

The Classical Education Foundation brings a live, emceed Multiplication Bee directly to your home, school, church, or community event. Kids and adults compete side by side using our free WhatTimesWhat speech-recognition platform. The crowd goes quiet. A name is called. The clock starts.

What the room discovers — every time — is that multiplication facts are something you either kept or lost. And that it is never too late to get them back.

What's Included

The Experience	We Bring Everything
Up to 90 minutes of live competition	Projector + audience leaderboard display
Age-based rounds + all-ages final for fun	Live emcee with 30 years in the classroom
Championship: top kid vs. top adult	All equipment provided
Practice time between rounds	Setup and teardown included
Live leaderboard projected for the audience	Gift bag for every participant

Tax-Deductible Donation

The Multiplication Bee Mobile Experience is a community outreach program of the Classical Education Foundation. Hosting families and organizations are invited to make a suggested donation of \$299. Because CEF is a registered 501(c)(3) nonprofit, donations are tax-deductible to the extent allowed by law. No goods or services of substantial value are exchanged — the event is provided as part of CEF's educational programming mission.

Suggested donation: \$299 | Additional participants beyond 10: \$20 each | Travel beyond 20 miles: \$35–50

Who Books This

Birthday parties · PTA and school family events · Church and community gatherings

Homeschool co-ops · Anyone who wants to find out if they still know their times tables
